

Communication Intercom Laser Dazzling Riot Helmet

Features:

- ◆ Using high-strength composite materials, Impact resistance, beating resistance, corrosion resistance, high temperature resistance of 290°C.
- ◆ The protective mask has high light transmittance, impact resistance, anti-glare, fireproof.
- ◆ Built-in walkie-talkie function. It is convenient for unified command in water rescue and forest fire extinguishing.
- ◆ Built-in 1W laser, which can be effectively used to guide rescue and indicate targets.
- ◆ Built-in strong lighting.
- ◆ Equipped with fixed police warning light, anti-fall off.
- ◆ The helmet uses an explosion-proof battery, which is safe and reliable, has super battery life, and supports wireless charging.
- ◆ Equipped with cuttlefish dried base, side rail to connect to other equipment.

Function

Equipped with 5 keys:

1. On/Off: long press to turn on/off the product;
2. PTT: press and hold talk;
3. Police light(Three mode cycle): off/ Red and blue double flash/ Red and blue flashing alternately;
4. Strong light dispersing light(Three mode cycle): off/ Always bright/ Strobe;
5. Laser dazzling(Three mode cycle): off/ Always bright/ Strobe;

Parameter

Physical parameters	
Dimension	340*270*270mm
Weight	1600g
Protection	IP67
Power supply	
Battery	3.7V 4000mAh
Charging time	Less than 4 hours
Wireless charging	Support
Strong light	
Strong light power	3W
Brightness	280LM
Color temperature	White light 6500K
Laser	
Laser power	1W
Laser light power	400mw
Laser wavelength	523nm

Working current	150ma~320ma
Walkie-talkie	
Intercom power	1.5W
UHF frequency band	400~480MHZ
Frequency band	16 bands adjustable
Communication distance	4km(open field)
Interface	
Charging interface	Type-c
Headphone jack	3.5mm CTIA
Charging indicator	yes
Battery indicator	yes
